

126060

County Ramsey
Quad New
Quad ID 119C

MINNESOTA DEPARTMENT OF HEALTH
WELL AND BORING REPORT
Minnesota Statutes Chapter 1031

Entry Date 08/14/1991
Update Date 11/29/2021
Received Date

Well Name					Township					Range					Dir Section					Subsection					Well Depth					Depth Completed					Date Well Completed																			
					30					23					W 34					CACADD					219 ft.					219 ft.					07/21/1975																			
Elevation					883 ft.					Elev. Method					LiDAR 1m DEM (MNDNR)																																							
Address																									Use					domestic					Status					Active														
C/W 3270 HAMLINE AV N NEW BRIGHTON MN																									Well Hydrofractured?					Yes ☐					No ☐					From					To									
Stratigraphy Information																									Casing Type					Single casing					Joint					Threaded														
Drive Shoe?																									Yes ☒					No ☐					Above/Below					1 ft.														
Casing Diameter																									Weight																													
4 in. To 184 ft. 12 lbs./ft.																																																						
Open Hole																									From 184 ft.					To 219 ft.																								
Screen?																									☐					Type					Make																			
Static Water Level																																																						
45 ft. land surface Measure 07/21/1975																																																						
Pumping Level (below land surface)																																																						
ft. hrs. Pumping at 20 g.p.m.																																																						
Wellhead Completion																																																						
Pitless adapter manufacturer Model																																																						
☐ Casing Protection ☒ 12 in. above grade																																																						
☐ At-grade (Environmental Wells and Borings ONLY)																																																						
Grouting Information																									Well Grouted?					☐ Yes ☒ No ☐ Not Specified																								
Nearest Known Source of Contamination																																																						
500 feet North Direction Body of water Type																																																						
Well disinfected upon completion? ☒ Yes ☐ No																																																						
Pump																									☐ Not Installed					Date Installed 07/21/1975																								
Manufacturer's name FAIRBANKS																																																						
Model Number HP 0.5 Volt 220																																																						
Length of drop pipe 70 ft Capacity 10 g.p. Typ Submersible																																																						
Abandoned																																																						
Does property have any not in use and not sealed well(s)? ☐ Yes ☐ No																																																						
Variance																																																						
Was a variance granted from the MDH for this well? ☐ Yes ☐ No																																																						
Miscellaneous																																																						
First Bedrock St.Peter Sandstone Aquifer St.Peter																																																						
Last Strat St.Peter Sandstone Depth to Bedrock 130 ft																																																						
Located by Minnesota Geological Survey																																																						
Locate Method Digitization (Screen) - Map (1:24,000) (15 meters or
