MINNESOTA DEPARTMENT OF HEALTH
WELL AND BORING REPORT
Minnesota Statutes Chapter 1031

Entry Date02/05/2026
Update Date02/05/2026
Received Date12/08/2025

Well Name DEMARAIS, LISA 45					Township 28		Range W 7		Dir Section CAC		Subsection		Well Depth 157 ft.		Depth Completed 153 ft.		Date Well Completed 10/22/2025																								
Elevation					Elev. Method					Drill Method Non-specified Rotary					Drill Fluid Bentonite																										
Address												Use domestic		Status Active																											
Well 16492 NOKAY LAKE RD BRAINERD MN 56401												Well Hydrofractured? Yes ☐ No ☒					From		To																						
Contact 16418 PARK ESTATES DR BRAINERD MN 56401												Casing Type Single casing					Joint																								
Stratigraphy Information												Drive Shoe? Yes ☐ No ☒					Above/Below																								
Geological Material					From		To (ft.)		Color		Hardness		Casing Diameter 4 in. To 149 ft. lbs./ft.					Hole Diameter 7.8 in. To 153 ft.																							
CLAY					0		7		BROWN																																
SAND					7		30		BROWN																																
CLAY					30		80		BROWN																																
SAND					80		111		BROWN																																
CLAY					111		134		GRAY																																
SAND					134		157		GRAY																																
												Open Hole From ft. To ft.																													
												Screen? ☒					Type telescoping					Make JOHNSON																			
												Diameter 3 in.					Slot/Gauze 15					Length 4 ft.					Set 149 ft.					153 ft.									
												Static Water Level																													
												57 ft.					land surface					Measure					10/22/2025														
												Pumping Level (below land surface)																													
												ft.					hrs.					Pumping at					20 g.p.m.														
												Wellhead Completion																													
												Pitless adapter manufacturer					BAKER					Model					BULLDOG														
												☐ Casing Protection					☒ 12 in. above grade																								
												☐ At-grade (Environmental Wells and Borings ONLY)																													
												Grouting Information					Well Grouted? ☒ Yes ☐ No ☐ Not Specified																								
												Material					Amount					From					To														
												bentonite					14 Sacks					ft.					140 ft.														
												Nearest Known Source of Contamination																													
												feet					Direction										Type														
												Well disinfected upon completion?					☒ Yes ☐ No																								
												Pump ☐ Not Installed					Date Installed					10/31/2025																			
												Manufacturer's name					FRANKLIN																								
												Model Number					HP					0.5					Volt														
												Length of drop pipe					100 ft					Capacity					10 g.p.					Typ					Submersible				
												Abandoned																													
												Does property have any not in use and not sealed well(s)?					☐ Yes ☒ No																								
												Variance																													
												Was a variance granted from the MDH for this well?					☐ Yes ☒ No																								
												Miscellaneous																													
												First Bedrock					Aquifer																								
												Last Strat					Depth to Bedrock					ft																			
												Located by																													
												Locate Method																													
												System					UTM - NAD83, Zone 15, Meters					X					Y														
												Unique Number Verification										Input Date																			
												Angled Drill Hole																													
												Well Contractor																													
												Northland Drilling, Inc.					1933					HINES, R																			
												Licensee Business					Lic. or Reg. No.					Name of Driller
